

Math Equipment & Materials

Equipment and materials, which can be included in this activity:

- Battery operated fan (e.g., from a dollar store) adapted with a grid to act as a “spinner”, attached to a battery interrupter. An electric fan can also be adapted to operate as a “spinner” by making a grid with the twister game choices

- AbleNet Powerlink to use with an electric fan for spinner
- All-Turn-It Spinner by AbleNet with Optional Overlays:
 - Number dial for dice games, math games and hopscotch
 - Grid overlay for telling time
 - Grid overlay for choosing colours
 - Grid overlay for selecting peers
- Step-by-Step Communicator to pose questions or give answers to classmates
- A Switch (e.g., spec switch, jelly bean switch, lever switch) to run a battery powered “spinner” (as shown in the picture above)
- Stapler, for stapling math books together
- Sponges or daubers in geometric shapes
