

Competing Behaviour Model

List Strategies that Make the Problem Behaviour Irrelevant, Ineffective or Inefficient

Setting Event	Intermediate Antecedents	Teaching Strategies	Consequence Strategies
Provide regular changes in position throughout the day	Remind student that they can request a break	Teach student to indicate need for a position change Teach student to wait until EA is available	If student whines or cries, remind them how they can request a position change If student requests position change appropriately, praise and provide change in position ASAP
